Diseases. My theory is based upon the chemical operations of the holy, believing diseases to depend as of the holy, believing diseases to depend as of the holy, whereby the solids be come unhealthy by analysing the secretions, blood, &c., of the body, and inding out what is deficient or in excess and supplying to the system what is wanting. I am enabled to cure often by a small amount of medicines, where the patient has been drugged with medicines for long years to no effect.

Now Hyspopada, in the great majority of cases, dedends mainly upon a disproportioned state of the gastric or digestive fluids of the stomach. When this gastic fluid is proportioned properly, the food is thoroughy digested and assimilated. Viewing Dyspepsia by the rules of Chemicopathology, and giving treatment accordingly, I am enabled to cure 40 cases out of 50, and 49 cases out 50 of Consumpation, Assimilated.
